

EVOLVE®

For more information: www.don-lors.com

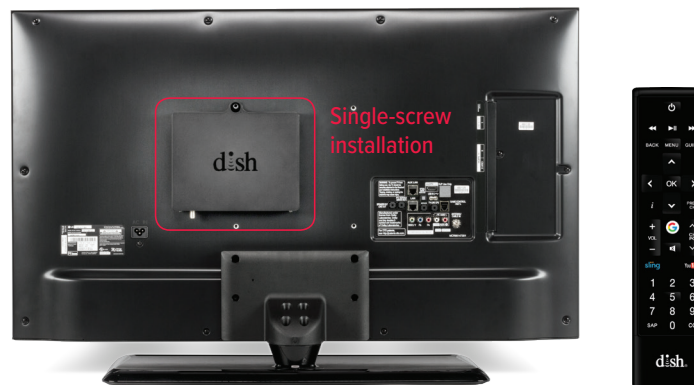

EVOLVE® is the only in-room entertainment solution personalized by guests and powered by their content.

Today's Guests Want Simple and Effortless Entertainment.

Designed around modern viewing habits, EVOLVE pairs live TV with streamed content. The highly intuitive program guide ensures you'll spend less time browsing and more time watching.

- 1 Genre-based filters**
Sort by sports, news, shows, movies, family, and locals.
- 2 Picture-in-picture previews**
Live preview of what's on — no more tuning in to reruns or commercials.
- 3 Program highlights**
Synopses, ratings, season and episode numbers, and more.

They Want to Bring Their Own Movies, Music, and Apps.

Powered by Android TV™ with Chromecast built-in, EVOLVE lets you stream the apps you know and love from your phone, tablet, or laptop to the hotel TV.

- **Chromecast built-in**
From any iOS, Android™, or Windows smart device.
androidtv | Chromecast built-in
